Creating a Better World

Earth Hour 2011

It's time to go
beyond the hour

8:30 pm, Saturday, 26 March 2011

In 2010 millions of people across the world took part in Earth Hour, but switching off the lights was only the beginning. This year Earth Hour asks people to commit to an action, big or small, that they will sustain for the future.

An online platform www.earthhour.org/beyondthehour that captures and allows individuals, governments and organisations across the globe to share their actions, will act as the tool to showcase and inspire commitments to protect the one thing we all have in common – the planet.

Scouts in Action!

It is now time to go beyond the hour and show what can be done - by the Scouts for the planet.

Send us your story of actions you have taken beyond the hour showing how Scouts can truly make a difference!

Email: asia-pacific@scout.org

Take your actions beyond the hour, then share us your story!
